

FOCUS 2 Major and Career Exploration

Midland University

FOCUS 2 is an online, self-guided system that will help you to identify a major at this college and occupations that best suit you and develop a career and education plan. Log in at:

<https://www.focus2career.com/Portal/Login.cfm?Sid=1061>

When logging in for the **FIRST** time, click on **REGISTER** under the **Don't have an account? Create your own personal account now** area.

Enter the following **ACCESS CODE** on the self-registration page: **warriors** (all lower case)

Complete each assessment. We suggest you “combine all assessments” to view careers that might be good matches for you based on all the assessment you completed. You **MUST** save occupations and areas of study (majors) that you’re interested in or no information will appear in your portfolio! To look at career options for the different degrees offered at Midland, click on “What can I do with a major in...at Midland University”.

To discuss your results, email ccenter@midlandu.edu to make an appointment with a professional in the Personal & Career Development Center.

How much time does it take to use FOCUS?

Typically, the total time spent by students the first time they use the program ranges from 1 to 2 hours. Working through the program does not have to be done in one sitting. You can log back in at any time. **Use on your laptop, phone, tablet, or any device.**
