

### Term Balance Agreement

If you plan on utilizing federal aid for all seven terms of the Midland MBA, you may choose to roll forward the balance in excess of your student loan award, **up to \$650 per term**, until the start of the final term in which you are enrolled in the MBA program. At that point, the Midland University Graduation Grant will be applied to your student balance, with your final term loans covering the remainder of the balance. The full balance on your student account will be due immediately i) if your student account falls out of good standing, or ii) at the start of the final term in which you are enrolled as a full time student.

If you choose to take advantage of this program, please complete the fields below and return the form to Diane Swanson, Director of Student Billing, at [Swanson@MidlandU.edu](mailto:Swanson@MidlandU.edu) (fax: 402-721-0250).
